Before registering for your course(s), please note that you **must be available to attend the live session date(s)** listed above in order to complete the course and receive credit. Please check your calendar and local time zone before registering, as **live attendance is required** to complete the course and receive appropriate credit for completion. *Refunds are subject to a 6% transaction fee.*

Please read below for more information about each course.

All courses except Book Club will be accredited for continuing education credits. WPATH will approve the Book Club episodes for the Listening Hours, Ongoing CE, or Elective Hours requirements, as part of our certification program. Each episode will be approved for 2 hours. WPATH is finalizing the accreditation for these courses and accreditation information will be added to the website for each course, once finalized.

Each live session schedule is listed in **Eastern Time (ET)**, please check your local time & date to ensure you are able to attend the live portion of the course(s) you select.

Course Descriptions

WPATH GEI Book Club - Indian Subcontinent Series

Register Now

WPATH's **virtual Book Club** premiered in 2021! This series provides attendees with an invaluable and unique opportunity to interact with leading authors in transgender health.

We are pleased to announce WPATH'S Subcontinent of India Series for our next three book club meetings on **March 18, 2022, April 8, 2022, and May 20, 2022, 11:00 am EDT - 12:30 pm EDT**, brought to us by the Series Coordinator, Dr. Sanjay Sharma. WPATH will approve these episodes for the Listening Hours, Ongoing CE, or Elective Hours requirements, as part of our certification program. Each episode will be approved for 2 hours.

WPATH GEI Journal Club – from the International Journal for Transgender Health

WPATH's **Journal Club** premiered in 2021! This online meeting format, featuring articles from the International Journal of Transgender Health (IJTH), will allow participants the opportunity to delve further into transgender health research topics and ask questions of the authors. In addition to earning valuable CME credits and ANCC contact hours, journal club meetings provide attendees with the valuable opportunity to interact with the experts doing cutting-edge research in transgender health.

NEW - WPATH GEI Advanced Identity Evolution Workshop

Register Now

What to Expect: Transgender/gender diverse (T/GD) healthcare has largely focused on transitioning from one binary to another and has included non-binary identities in more recent years. However, evolving changes in gender identities aside from these more familiar paths have received little attention. WPATH has seen postings on the Member listserv and discussion forum where clinicians are beginning to discuss instances of patients/clients who are “de-transitioning.” WPATH GEI offers this first-ever program on Identity Evolution to

enhance care for people who may take steps to de-transition, pause, or resume a gender transition, re-transition and/or take steps to affirm another identity. This program will involve a panel of mental health and medical professionals discussing sample cases and the issues involved. Additionally, ethical considerations and principles will be offered, and participants will have the opportunity to ask questions of the panelists.

Live Participation: Attendees must be available to attend the live session “in-person” on Friday, May 6, 2022, from 10:00am - 2:00pm ET to complete the Advanced Identity Evolution Workshop. Attendees will be participating on camera during the live session.

Faculty: Ren Massey, PhD (Moderator); Dianne Berg, PhD; Cecile Ferrando, MD, MPH; Jamison Green, PhD; Dan Metzger, MD

NEW - [WPATH GEI Advanced Aging Workshop](#)

More information to come soon, along with registration for this course.

NEW - [WPATH GEI Multidisciplinary Voice & Communication Workshop](#) **Register Now**

What to Expect: The Voice and Communication Workshop is an introductory workshop open to voice and non-voice clinicians of all experience levels. It provides a detailed overview of gender affirming voice and communication training, including a framework for assessment, training techniques, counseling, and cultural responsiveness considerations. Gender affirming voice care across other disciplines will also be briefly covered: Pitch-raising surgery, testosterone therapy, psychotherapy, music therapy, and singing training. Experts from multiple specialties will give didactic presentations and interact via a panel discussion.

Participation: **Attendees must be available** to attend the live session “in-person” on **Saturday, June 25, 2022, from 11:00am – 12:00pm ET** to complete the Voice & Communication Workshop. Attendees are required to watch the recorded presentations prior to the live session.

Faculty: Christie Block, MA, MS, CCC-SLP; Michael Irwig, MD; SJ Langer, LCSW-R; Julie Lipson, MA, MT-BC; Wynde Vastine, MA, CCC-SLP; Katherine Yung, MD, FACS
