

# WPATHGEI

## AROUND THE WORLD

The WPATH Global Education Institute (GEI) warmly invites you to engage in a series of online events aimed at broadening knowledge on healthcare practices for transgender and gender diverse (TGD) individuals worldwide. These online events are organized to provide insights into the healthcare landscape for TGD people in various regions, with initial focus areas being South Africa and Australia, as presented by esteemed healthcare providers from these countries. Designed to be inclusive and educational, these events are free to all WPATH members, while non-members may also participate for a nominal fee.

### GEI South Africa

April 24, 2024 at 1:00 pm US ET

*Presented by Elma De Vries, MD, MBChB
